Accessibility Statement

At The Supply Pool, we are committed to ensuring that our website is accessible to all users, including those with disabilities. Our goal is to comply with the Web Content Accessibility Guidelines (WCAG) 2.1 level AA standards, making our website easy to use and navigate for all visitors.

We want as many people as possible to be able to use this website. To achieve this, we have implemented the following accessibility features:

- Users can change colours, contrast levels, and fonts for better readability.
- Zoom in up to 300% without text spilling off the screen.
- Navigate most of the website using just a keyboard.
- Navigate most of the website using speech recognition software.
- Listen to most of the website using screen readers like JAWS, NVDA, and VoiceOver.

We have also made the website text as simple as possible to understand.

If you encounter any accessibility problems or need information in a different format, such as accessible PDFs, large print, easy read, audio recording, or braille, please contact us at info@thesupplypool.education. We'll address your request within 14 days.

To report any other accessibility concerns or issues not listed here, please reach out to info@thesupplypool.education, and we will work to find suitable solutions.

We appreciate your feedback and understanding as we continue to improve the accessibility of our website.
